The year 1949 was another year of outstanding accomplishment for Liberty National Life Insurance Company with new high records being established. The growth of the company, as measured by the increase of its resources, was again spectacular. Resources increased during 1949 by a larger amount than ever before in the history of the company—nearly ELEVEN MILLION DOLLARS-and now stand at a record figure of more than SEVENTY-FOUR MILLION DOLLARS. Impressive proof of the outstanding service being rendered the insuring public by Liberty National Life Insurance Company in its operating territory is demonstrated by the more than TWO MILLION, TWO HUNDRED AND SEVENTY-FIVE THOUSAND individual policy contracts outstanding and by the fact that a death claim is being paid each twelve minutes of the work day. Such a record of service is evidence of the high esteem in which the company is held. Every effort will be made to continue to warrant this good-will.
